

nahia film fest 2022 (7th Edition)

International Short Film Festival. Sex, Gender, Diversity and Eroticism.

Topic & Philosophy of Festival

nahia film fest is a Short Film Festival that aims to address sexuality, gender and emotional relationships from an open, inclusive and plural perspective.

The philosophy of the festival is based on two main themes: equality and recognition of diversity.

From these pillars we want to be a window to plurality where equality and respect for human and cultural rights are the starting point to build an imaginary beyond hetero-normative, monogamous, sexist and patriarchal discourse.
